and what have you

by BOB CRAIG

Saturday is an important day in the life of each citizen of Texas in that it is the day that they can become a part of their government by exercising their right to vote. Saturday is the "Big Day" in Texas as far as elections go in that with the exception of one or two possible races the men who will run the state's affairs will be decided in the Democratic Primary rather than in the November election.

If you have qualified yourself to vote we would urge you to do so Saturday.

—BC—
If it wasn't so serious, politics could get rather funny at times. I see where Don Yarborough is running against John Connally for governor on the platform that he would be a Johnson man and Connally would not. This becomes funny when you remember back two years ago when Yarborough was running on the platform that Connally was Johnson's man and that if Connally was elected it would give the control of the state to Johnson.

This paper endorsed Connally for governor two years ago and believe that he surpassed even our highest expectations in getting our state government back on a progressive course of action.

We feel that he should be returned for another two years so that he might have enough time to complete more of his program. We find it rather hard to find any reason why Yarborough is even running for the office this year unless it for some private gain.

—BC—

In the race for Senate we find very little that would encourage us to vote for Ralph Yarborough and while Gordon McLendon may be a little short on qualifications for this office he is the only other choice. Yarborough has never represented the thinking of the majority of the people in this part of the state and has shown himself to be one of the rankiest liberals in Washington. He like Don, has all of a sudden found a great many qualities in Johnson that he never seem to be able to find before Johnson became president.

Getting closer to home this paper is endorsing Omar Burleson in his bid for re-election to the House of Representatives. While we may not always agree with Omar—or anyone else for that matter—we feel that he has done an outstanding job of representing his district in Congress.

Carriker's biggest argument against Omar seems to be his voting record against the administration. With as many liberal screwballs as some of the other districts over the nation send to Washington someone has to send someone to slow things down to a level that people can stand. If the congressmen were not supposed to ever vote against the administration there would be no point in electing anybody besides a president.

From Carriker's voting record in the Texas House it is hard to see how he could represent the people of this area—maybe the Latins of South Texas—or the up-North labor bosses—but not the people of this district.

—BC—

But regardless of whom you prefer in Saturday's election we would urge that you take time out to vote and to attend the precinct convention at your voting box.

Fairview Work Day Set Saturday

The annual working of the Fairview Cemetery at Tuxedo will be held Saturday.

Anyone wishing to have a part in keeping up the cemetery may make a donation to the Fairview Cemetery Association, John Apperson, treasurer, Route 2, Stamford.

BAND CONCERT DATE CHANGED TO COMING TUESDAY NIGHT

The date for the fifth annual "Parade of Music" by the Hamlin Public School Bands has been changed to May 5. The original date of May 8 conflicted with the State Track Meet in Austin therefore the change in date was made.

The concert will feature all Hamlin bands including the sixth grade, junior high, high school bands and the high school stage band.

The concert will begin at 7:30 p.m. Admission is 50c. The bands are under the direction of Tim Jones.

Students who have received first at U.I.L. Solo and Ensemble Contests and those who made district and regional bands will be recognized.

The John Philip Sousa Award will be presented to a high

school senior bandsman. The award is presented to the bandsman selected by vote of the band members "in recognition for outstanding achievement and interest in instrumental music and for displaying generally those high qualities of conduct which school instrumental music strives to impart."

The junior high school and high school bands have recently won sweepstakes honors in U.I.L. competition. The bands will present their contests numbers along with other numbers. The stage band will present selections they played at Canyon and Brownwood and also Al Hirt's "Java."

A reception will be held in the high school gymnasium immediately following the concert.

NEW VOLUNTARY WHEAT PROGRAM EXPLAINED BY NIX

Wheat farmers now have a voluntary wheat program available to help prevent the threatened drop in income from their 1964 crop, J. E. Nix, Chairman, Agricultural Stabilization and Conservation County Committee, said today. The program is provided by legislation enacted April 11, 1964, which amends the law under which the wheat program was to have been operated this year.

The new voluntary program offers wheat growers who participate (1) diversion payments for shifting wheat acreage to conservation uses (similar to the feed grain program), (2) price support loans averaging \$1.30 a bushel nationally, and (3) marketing certificates — with a cash value of 70 cents per bushel for domestic and 25 cents for export — for a large

part of the farm's 1964 wheat production.

The Chairman explained that wheat producers who wish to take part in the new voluntary program will need to sign up at the ASCS County Office — there will be no "automatic" participation. Only those wheat producers who sign up and carry out provisions of the program will be eligible for the program benefits. The sign up will begin as soon as possible and will extend through May 15, 1964.

Winter wheat growers, as well as spring wheat growers, will be eligible to take part in the 1964 program. Mr. Nix pointed out. This will be particularly easy for those growers who have planted within their 1964 allotments, since they have already met one of the conditions necessary for participation. Such growers will need to fulfill other conditions for qualifying as a "participant," however, such as devoting acreage diverted from wheat to conserving uses, keeping within other crop allotments and maintaining their normal conserving base acres.

"Signing up is the first step to taking part in the 1964 wheat program," the Chairman emphasized. "Because the season is so late, there will be no advance payments made this year, but the diversion payments will be made and the certificates issued as soon as possible after performance has been checked."

Fifth Grade and Junior High Choir To Present Operetta

The Fifth Grade and Junior High Girls Choir will present their annual Spring Music program Friday, May 1, in the junior high gym at 7:45 p.m. The program will be free to the public. At this time Mr. C. F. Cook will present the awards to teachers who have taught in the Hamlin School system for 5, 10 or 15 years.

The operetta to be presented by the combined fifth grades is a comedy, "Mulligan's Magic." The characters are: Mulligan, Steve Willingham; Dick, Brad Staileup; Jerry, Greg Perrin; Slump, Doug Elliott; Margie, Kathy Christian; Dorothy, Susan Patterson; Joan, Helen Howard; Dan, Duane Fry; Mrs. Skinner, Dencie Preston; Eileen, Debbie Elmore; Mrs. White, Debbie Brown; Mrs. Jones, Betty Burleson; Mrs. Whitcomb, Pattie Patillo.

The Junior High Girls choir program will include the numbers they sang at U.I.L. for which they received a II rating. Singing with the group will be a trio, Janet Carson, Donelle Hill and Reba Jackson who received a I rating at U.I.L. contest, and three soloists who also received a I rating: Janet Carson, Cheryl Walton and Sandra Payne.

Seth Adams Jr. To Take Student To Science Fair

Mr. and Mrs. Seth Adams Jr., of Lovington, N. Mex., will attend the National Science Fair-International in Baltimore Maryland.

Adams, son of Mr. and Mrs. Seth Adams Sr., and science teacher in Lovington high school, and his wife will accompany one of his students who won the grand championship project at the regional fair. The boy won a \$500 scholarship to the college of his choice from the New Mexico Medical Association. He also won third in the animal division.

BURNIA REID SEEKS OFFICE OF COMMISSIONER, PRECINCT 1

I believe the office of county commissioner is one of the most important offices of the county. I believe in working on projects and spending the taxpayers' money where it will do the most people the most good. The incumbent is serving his twelfth year as county commissioner. Since this is an elective position by the people, I feel that it is time to have a change. There has been a considerable amount of money spent in the last few months on the reevaluation and securing of unrenumbered property in Jones

County. We are well aware that this will result in the increase in the taxes of the majority of property in our county. I feel that the unrenumbered and underrenumbered taxes should have been worked out about eight or ten years ago with the help of local people.

I will appreciate your vote and influence in the election on May 2 and if elected I will do my utmost to see that the county's tax money is spent more wisely.

Yours for better county government,

Burnia Reid

Good Turnout Expected For Saturday Primaries

With contested races from the precinct level on up to the governor's office both of the local boxes are expecting a good turnout of voters here Saturday for the Democratic Primary. Polls will open in Jones County at 8 a.m. and will close at 7 p.m., according to L. H. McBride, election judge for the Hamlin West box.

The Hamlin East box will vote in the City Hall and the Hamlin West box will vote at the high school again this year. The Republican Primary will be held at the Fire Station.

As voting deadline nears several of the contested races have developed into hotly debated races. The strongly contested races that will effect the public in this area include: John Connally's bid for re-election in which he is opposed by Don Yarborough; Gordon McLendon's bid to upset Ralph Yarborough in his effort to gain re-election to the Senate; Omar Burleson's an Max Carriker's fight for Burleson's seat in Congress; Owen Thomas seeking re-election as District Judge and being opposed by J. Neil Daniel;

Down at the county level, Charles Brownfield Jr. is being opposed for re-election as county attorney by Ben Niederdecker Jr.; Dave Reves is being contested for Jones County Sheriff by Bill Longley and James Pippin; and Johnnie Agnew is being opposed in his bid

for re-election as Commissioner, Precinct No. 1, by Burnia Reid Jr.

A sample copy of the Democratic ballot can be found on page three of this paper. In David Ratliff's bid for re-election to the State Senate he is unopposed after Keith Wheatly withdrew from the race, however Wheatly's name still appears on the ballot. On the ballot used in the Hamlin boxes the race for Commissioner, Precinct 3, will not appear on the ballot.

Precinct conventions will be held at both local boxes here Saturday at 2 p.m. at which time delegates to the county convention to be held the following Saturday in Anson will be named.

LOCAL RADIO CLUB ASSISTS IN LAKE RESUE EFFORTS SUNDAY

Member of the local B C Radio Club were quick to respond to a call for help last Sunday afternoon when word was sent out that a boat with two persons aboard had capsized on the Hamlin West Lake.

Spencer Liles received the message on a communications receiver and in turn passed the word on the other B C's. T. A. (Buddy) Jones and B. J. Furstenberg of Abilene picked up Buddy's boat and in record time had it launched and proceeded on to pick up the stranded person, W. C. Hunter.

Tom Pritchard, who was among the first to arrive on the scene, kept the funeral home and other B C's informed of the proceedings.

W. C. Hunter and his father of Northeast Hamlin were fishing from the small boat when

high winds and rough water caused it to capsize. The elder Hunter swam to shore and drove to town for help while W. C. managed to hang on to the overturned boat.

Eddie Connally and Johnny Overman, riding in Jones boat, helped to pull the man from the water.

The radio club members hold drills and practice exercises periodically to further acquaint themselves with emergency procedures. During stormy periods radio equipped cars will be on the outskirts of town watching for tornado or other severe weather.

The club meets the first and third Friday nights of each month at the high school or the primary cafeteria. Anyone interested in CB radio is cordially invited to attend.

JUDGE TOLD COUNTY OIL AND GAS VALUATIONS TO DECLINE

Oil and gas valuations, on the decline in Jones County for the last ten years, will drop an additional \$1,600,000 the coming year, Jones County Judge Leon Thurman was told this week.

Pritchett and Abbott, valuation consultants, who appraise oil and gas and utilities property in the county, furnished the estimate this week.

Judge Thurman explained

that this will mean that some \$10,000 in actual county revenue will have to be obtained from other sources. This means that over taxable property will have to supply the money.

In 1954 the combined valuation of utilities and oil and gas property was \$14,410,310. It appears that the 1964 figure will be about \$9,600,000, the judge said, adding that while oil and gas valuations were down, those of utilities probably were up slightly.

The county now is having prepared a valuation survey of property in the county. Figures from this survey will be used in preparing the 1964 tax roll. In recent years, the county has used 20 per cent of the tax valuation in figuring taxes. This percentage figure may drop to 12 to 15 per cent when the new valuation figures are used.

Hawley Girls Win Jones County Fun Festival Monday

A skit entitled "Fashion Through the Ages" by the Hawley 4-H Club girls, took place in the Senior division of the Jones County 4-H Fun Festival held in the Anson High School Auditorium Monday night, April 27, according to County Extension Agents Mary Newberry and Kirby Clayton.

Johnson Reunion Set for Sunday

The annual Johnson reunion will be held Sunday at Frog Park on the late Robert Johnson place.

Descendants of the late W. T. Johnsons gather each year the first Sunday in May for the reunion.

REPUBLICANS TO HOLD LOCAL PRIMARY SAT.

Jones County Republicans will have polling places in Stamford, Lueders, Hamlin and Anson in Saturday's primary, according to Lynn Gillespie, Jones County GOP chairman.

Gillespie also said that persons who wish to vote in the Republican primary but live in a precinct where no polling place has been designated may cast ballots at the nearest precinct polls.

Precinct conventions will be conducted at 2 p.m. Saturday.

Polling places will be located at:

Stamford—first floor city hall.

Anson—Littlefield Real Estate Office, east side of the square.

Hamlin—city building next to the fire station.

Lueders—in a building on main street to be designated at a later date. (Gillespie said the building would be clearly marked and easily found by Lueders voters.)

The Republican ballot will contain candidates for 11 statewide offices in addition to state senate and state representative candidates.

The ballot will also contain the names of four possible GOP presidential nominees so that Jones County Republicans may indicate their preference.

Presidential hopefuls as they line up on the ballot will be Barry M. Goldwater of Arizona, Nelson Rockefeller of New York, Margaret Chase Smith of Maine and Harold Stassen of Pennsylvania.

THE MINISTER SPEAKS—

'FELLOWSHIP'

By Rev. Cecil Stowe

Pastor, Church of the Nazarene
The church is a diamond of many facets. Any way you look at the true church, you will see beauty and glory. Many people complain that they have seen hypocrites in the church. Well, sometime ago I saw flies in the mountains of Arizona—of course they were pests, but they didn't detract from the beauty and durability of the mountains. Neither can a hypocrite change the beauty and durability of the church, though he can be a pest to all concerned.

The fellowship you find in the church is wholesome and blessed. A while ago a relative of mine underwent surgery for stomach ulcers. Then for months he went back for treatment. The medical bills ran very high. What the doctor advised him to do to prevent recurrence of his trouble might be good for all of us today. The doctor said, "Good man, what you need to do is to go to church, just any church will help you." There are many other troubles which may be helped with that prescription. We are social beings and need the association with others and of course the best are in the church.

Fellowship suggests in the same ship. We should not ride and paddle our own canoe.

Get in the ship with your fellows and you will find that life is made much richer.

There is not only fellowship with fellowmen but there is the blessed fellowship with God. Mary, in the New Testament, is an example. She sat at the feet of Jesus in blessed rapturous fellowship with God. Jesus said, "This shall not be taken away from her." To sit quietly in worship with God's people and God, while God makes himself known to us, is worth more than all your worldly ambitions, whether it be for gold and silver or for fame. The church offers you fellowship. I urge you to take advantage of it and do like thousands of others, become a part of the church and attend and support it regularly.

FAIRVIEW NEWS

By MRS. ELMER JOHNSON

The first rain of the month fell Saturday night, one half inch. After a typical old western sand storm, Sunday, most of the rain has gone from us, since it was such a wee bit and the ground was so dry. However, contrary to most of the western winds, this one is cool, Sunday being so cool that fires had to be lighted. This Monday morning continues to be chilly, so the little rain combined with the cooler weather, will help the wheat a few more days.

To those driving through our part of the country, and looking out seeing wheat being mowed down, will wonder if the farmers have lost their minds. They are just being smart, since the new wheat program that just came out requires that you not be planted over your allotment, to qualify for the

government payments, and since we farmers love those handouts, down went all of our excess acreage. You can bale it and sell it, graze it, or any thing, just so you do destroy it so it will not be harvested as wheat. Sound crazy? Well, that is the way they have it worked out, so as we said, you are crazy not to comply, so that is the reason that farmers are busy destroying excess wheat acreages.

The annual gin meeting of the Farmers Co-op Gin of Hamlin, Watts Fletcher manager, was well represented from our community, held last Thursday night, at the Primary School cafeteria, in Hamlin. Drinks, hot and cold, and pie were served, drawings held for prizes and dividend checks given out. So with all of those attractions, why shouldn't we

all attend?

Friday night we all went back to the same place for the Neinda Gin meeting. The meeting was carried out in the same manner, with Hollis Madden being manager of that gin. Refreshments were served, door prizes given, and dividend checks distributed.

The only illness reported out our way this week was that Keenan Wright now has the pink eye, which Melinda had recently. Mrs. Henry has recovered from her case of hives enough to be back in church last night.

There is another vacant house out this way, since Mr. and Mrs. Robert Rhoton, who have been living in the house on the Gay Fielder farm, moved to town last Saturday.

Rev. and Mrs. Kenneth Levett, Mr. and Mrs. Marvin Carlton, attended the T.S.T.A. banquet, held at Hawley, last Monday night. Kimmy and Kristy stayed with the Stanley Jackson family, and are reported to have had all of the fun. Mrs. Woodrow Goodwin visited with the Drake family

last Monday afternoon.

Mr. and Mrs. Winslow Gray and Mr. and Mrs. H. L. Ford attended the concert at Tuxedo, Saturday night, put on by the Gatlin quartet.

Danny Wainwright, Haskell spent the week end with his grandparents, Mr. and Mrs. George Wainwright and Uncle Jimmy.

Mr. and Mrs. Henry's home was the meeting place for some of their children and grandchildren over the week end. Their son, Mr. and Mrs. W. C. Henry, Boyd and Jo, from Elgin, their son, Mr. and Mrs. Bill Henry, Austin, all came and met their daughter and sister, Mr. and Mrs. Mack Sansing and two little daughters, from Higgins. Other guests were Mrs. Warren Henry and Miss Ann Henry, both from Lubbock, Mrs. Mary Sue Henry, Rule. Miss Ann Henry, a teacher in the Lubbock schools, is the daughter of Mrs. Henry from Rule.

Mr. and Mrs. Winslow Gray visited with Mr. and Mrs. Woodrow Goodwin Sunday afternoon.

Family night for the church is still planned for Wednesday night, in the home of Mr. and Mrs. Flavil Holmes.

Linda Goodwin attended church at the First Methodist Church, in Hamlin, Sunday night.

Mr. and Mrs. Jimmy Joiner Ronald and Jeannie, visited up Hamlin way, Sunday, with their parents, the Baily Meeks and Elmer Joiners.

In reading the Abilene paper recently, I learned that a person that reports the news from a local place was called a "stringer." So I learned that I am a stringer, not because I string out a little news, trying to make more, but because the local reporters are paid by the inch, all of which gave a little information. Sometimes a

Three to Appear in Court on Child Support Cases

Three men have been cited to appear in 104th District Court May 22 and show cause why they should not be held in contempt of court. All three are alleged to have neglected or refused to make child support payments.

At the time divorces were granted, Judge Owen Thomas set amount of money to be paid for support of the children which were given to the mother in each of the three instances. Texas law makes no provision for alimony and no money is allocated to the divorced wife.

Payments for child support are to be made to the office of the district clerk. There is no legal way for the clerk to force collection. He is only the

"stringer" really gets some digs, but the nice things said more than make up for them, that is life, whatever you do some criticism is bound to fall

receiving officer.

Mothers who do not receive the money allotted by the court must appeal to the County attorney and if a warning does not produce results, contempt proceedings are instituted.

Rubber Boot Anchor

An old rubber boot filled with cement makes a cheap, handy boat anchor. Thread a steel rod in it for an eye.

Being rubber covered the anchor won't scrape, scratch or scar the boat but will hold her steady. Also, it makes a quiet anchor when carried inside the boat.

FHA MEMBERS HONOR SENIOR GIRLS WITH SNACK TUESDAY

The FHA members honored the senior girls with a snack party in the home of Judy Jenkins Tuesday night at 7:30. Each senior FHA member gave a short talk on the college she plans to attend and her reasons for selecting that particular college. The girls also told which fields they had chosen for careers and why. After the program, refreshments were served.

HHS

The Women's Missionary Union of the First Baptist Church honored the seniors and class sponsors with a breakfast Tuesday morning in Fellowship Hall. B. V. Newberry led the invocation, and Mrs. S. L. Tate, WMU president, extended the welcome. Ralph Perkins, field representative from Hardin-Simmons University, and Kenneth Hill, director of alumni affairs at Hardin-Simmons, were guests speakers for the event. Both men stressed the importance of a college education in today's life. Mr. Perkins used the question "Who are you and what are you going to do with yourself?" in his talk challenging the seniors to make the right decisions. Mr. Hill gave an over-all picture of what college has to offer a student, and he also emphasized the importance of choosing a school which is suited to the individual student's needs.

REPORT SHOWS HIGH SCHOOL LIBRARY IS VERY POPULAR

Evidence that Hamlin's young people are eager readers of good adult books, both classic and modern, is shown in a report from Hamlin High School.

During the current school year, more than 225 paperback books were purchased and read by students through membership in the Teenage and Campus Book Clubs. The books that proved most popular with these students ranged from adult best-sellers, like THE EXILE TRAVELS with CHARLEY, and LOST HORIZON, to recognized classics in world literature, THE SCARLET LETTER, WUTHERING HEIGHTS, and Dr. JEKYLL and Mr. HYDE. Other books which proved popular were realistic stories written for and about

teenagers and their problems such as STREET ROD, THUNDER ROAD, CAMPUS MELODY, SECRETS OF LOVE, LINESS, and DEAR GAY HEAD.
This week club members selected free dividend books, the bonuses they had earned from books purchased during the second semester.
Mrs. Dewey Nunley, the teacher-sponsor of the Clubs described the clubs as "a unique national program that enables students to choose their recreational reading from a wide variety of low-priced paperback books." Many of the selections are recommended for students who are going to college; all are chosen by educators to appeal to young adults. More than 300,000 high school students are now enrolled in the clubs throughout the United States and Canada.
Members of the club are freshmen: Sandra Dudge, Linda Goodwin, Helen Moore, Mike Murphree, Vicki Newland, Revonna K. Robertson, Sue Roddy, Geneva Ward, Dennis Weaver, Suzanne Wicker, John Osborn, Jimmy Vaughan, Henry Gonzalez, Jean Young, and Danny Cary, sophomores: Scotty Brown, Doug Sharer, Johnnie Harbert, Jim Kincaid, Linda Legan, Jerry Hill, Mike Rountree, Bobby Robertson, Aubrey Fry, Glenda Hudspeth, Jimmy Hawkins, Ronne Stice, Jeannette Goolsby, Kay Hodnett and Jimmy Stuart.

If you move to California, your child will benefit from exercise every school day.

Only California makes it a "must" for every school child to participate in a daily fitness program. What about the program in your school? Don't judge it by varsity activities alone. Rather, find out what it offers average boys and girls—those most in need of regular, vigorous activity. For information about a basic program that's easily adaptable in any school, send for the free leaflet offered by the President's Council on Physical Fitness, Washington, D. C. 20548.

Don Yarborough is on record as a Lyndon Johnson Democrat. He has always been a Democrat. Don Yarborough has always supported the National Democratic Party and its nominees. He has endorsed President Johnson's administration.

This is not the case with John Connally. Connally would contribute toward a possible defeat for President Johnson.

Although Connally has mouthed support for President Johnson, he has deserted the Democratic Party before and who knows when he may do so again? Democrats in the other 49 states know he is antagonistic to the President's program. They know he led Democrats into the Republican Party in past national elections. They know about Connally's conspiracy with Allan Shivers this year to recruit a former Republican to try to defeat Texas' only Democratic U. S. Senator Ralph Yarborough, in the Democratic primary.

Democrat Don Yarborough is the only candidate for governor of Texas who would help carry the nation for Lyndon Johnson's election this fall.

As Judge I have conducted the Court, and will continue to do so, with order and dignity, fairly and impartially, according to law, in keeping with my conscience, and in the interest of all the people.

OWEN THOMAS

DON YARBOROUGH

... candidate for Governor

Help Keep A Texas President

For the first time in history the President of the United States is a Texan. Party leadership in his home state will affect his own future.

President Lyndon B. Johnson must be returned to the White House in national elections this November. To carry other states, he must have unquestionable support from Democrats in Texas.

The eyes of the United States are upon Texas in its nomination of a Democratic candidate for governor. The gubernatorial nominee will most likely be called upon by the National Democratic Party to go into other states to campaign in behalf of the national ticket.

This means the Democratic nominee must be a man who supports President Johnson and his program—a man who would be recognized throughout the nation as an asset to the Democratic Party—a man who is 100 percent Democrat.

That Man is Don Yarborough

Texas needs the aggressive leadership of Don Yarborough to take the state government away from the lobbyists and return it to the people. And Lyndon Johnson needs Don Yarborough's leadership to win the confidence of the nation.

Don Yarborough is on record as a Lyndon Johnson Democrat. He has always been a Democrat. Don Yarborough has always supported the National Democratic Party and its nominees. He has endorsed President Johnson's administration.

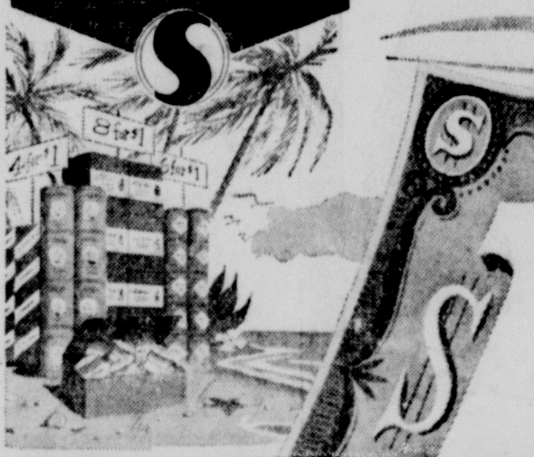

This is not the case with John Connally. Connally would contribute toward a possible defeat for President Johnson.

Although Connally has mouthed support for President Johnson, he has deserted the Democratic Party before and who knows when he may do so again? Democrats in the other 49 states know he is antagonistic to the President's program. They know he led Democrats into the Republican Party in past national elections. They know about Connally's conspiracy with Allan Shivers this year to recruit a former Republican to try to defeat Texas' only Democratic U. S. Senator Ralph Yarborough, in the Democratic primary.

Democrat Don Yarborough is the only candidate for governor of Texas who would help carry the nation for Lyndon Johnson's election this fall.

TEXAS AG DEPT. INVESTIGATING SHORTAGES IN MEAT SALES

AUSTIN — How much eating meat can a housewife expect to get when she buys a side of beef to be cut up and wrapped for her home freezer?

Most people buy a side of beef "on faith", according to Agriculture Commissioner John C. White, and they have little or no idea as to how much meat they will actually receive. As a result, the Texas Department of Agriculture is currently investigating numerous complaints on apparent shortage of meat prepared for home freezers.

"The housewife sees an advertisement for a beef side for as low as 39c a pound, plus cutting and wrapping charges," Commissioner White explained. "But some bargain beef may not be such a bargain after all unless the customer understands all aspects of the sale."

White said a frequent complaint is that the seller will not have a beef side available at the advertised low price. Or the customer may be shown a beef of such obvious poor quality that they would not think of buying it.

"The pressure is exerted by the seller for the customer to consider a much higher priced beef, with much stress on the 'better quality'," White explained. "This 'con game' is as old as time and gives legitimate freezer plants and commercial packing houses a black eye."

This ruse, however, is quickly recognized by most customers, said White. It is not until their purchase has been cut and wrapped that many realize they

have been taken by an unscrupulous operator.

Commissioner White said every housewife should know that when she buys a side of beef at a per pound price, she is going to pay for a certain amount of bone, fat, waste and shrink. Most butchers will point this fact out and explain to the purchaser just about how much waste is involved.

"But we've had some cases reported where the purchasers receive only about 50 per cent of the original weight of the beef side," White said.

Commissioner White said studies have been made by the American Meat Institute, the National Livestock & Meat Board, and the Texas Department of Agriculture, arriving at averages for retail cuts of meat that can be expected for beef sides.

"These averages will vary to some degree, but they are as factual as possible. For example, a 590-pound beef side will yield about 465 pounds of retail cuts, which means about 125 pounds of waste can be expected from a good to choice carcass. Cutting losses will vary with the amount of boning and closeness of trimming, however, White said.

A chart has been prepared for home freezer owners which gives average of yields from beef, pork and lamb carcasses. Commissioner White urged home owners to contact his department for the information which is available free of charge.

The chart not only deals in dressed weight percentages but

points out how many pounds, average, of the various cuts of meat can be expected, such as porterhouse, T-bone and club steaks, rump roast, chuck roast, hamburger, stew meat, etc.

Requests for the chart can be sent by card or letter addressed to John C. White, Commissioner of Agriculture, Austin, Texas.

Gordon McLendon Seeks Senate Seat

Gordon McLendon concentrated his fire on the pending civil rights bill in the waning days of his campaign for the Democratic nomination for U. S. Senator.

He followed a schedule designed to reach, through personal contact and communications media, the greatest possible number of voters before the May 2 primary. His itinerary calls for thousands of miles of travel into all sections of the State by plane and helicopter.

"My opposition to the bill being debated in the Senate actually is a crusade for civil rights," he declared. "I'm not in favor of denying any of our citizens the rights granted them by the Constitution, but I am against the passage of this bill because certain sections of it threaten the civil rights of all citizens. Those provisions would deny everyone, regardless of race or national origin, the right of trial by jury and deprive us all of control over our property — including our very homes."

Elect A Man Who Believes The People OWN THE COURTS

I believe the courts belong to the people and that they do not belong to the judge or lawyers. The judge, the lawyers, the sheriff and the clerks of the 104th District Court are all officers of the court—but in my opinion they are there to represent the people. I think it should be the duty of all the officers to see that the court represents the people so that all receive fair treatment in an impartial court before and impartial jury.

J. NEIL DANIEL

The present incumbent refers to the 104th District Court as "my own" court. He has served 34 years of his adult life in public office, 24 as a district judge. He is 68 years of age and is entitled to \$6,000 a year retirement to which he has contributed.

The law gives a district judge a tremendous amount of power and the people should see that this power is not misused and misdirected to the detriment of the people whose cases are being tried.

The only promise I can make is to do my best to uphold the law, to know that mercy is a portion of justice and to see that everyone having contact with the court is treated fairly with the respect due every individual.

I submit, to you, the people, that it is time for a change. It is time to return the 104th District Court to the custody of a judge who remembers that the court belongs to the people and that no one "owns" a court.

PHILOSOPHER WANTS MORE PEOPLE CONVINCED THAT ALL FARMERS ARE STRONG IMPERIALISTS

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 reacts to a Khrushchev speech this week. Dear editor:

I was reading in a newspaper last night that Mr. Khrushchev was lecturing some communist agricultural workers and told them that as much as he hated to admit it, "the imperialist American farmers are out-producing Russian farmers."

Now of course this isn't news, I've been pointing out for a long time that if American space scientists were as far ahead of the Russian scientists as our farmers are of Russian farmers, we'd probably already have been to the moon and

found out it wasn't worth the trip, but what interests me about Mr. Khrushchev's statement is his reference to us "imperialist farmers."

I looked this up, and I understand it, an imperialist is somebody who tries to extend his power, to dominate others, and I guess this is the first time in history our farmers have been described in such important terms. I would like for Mr. Khrushchev to hammer down on this harder, as so far he's the only one who believes it.

I mean, I wish our farmers could convince Congress for example that we're imperialists, that we dominate Washington.

I wish the people who buy the things farmers produce would

catch on, and at harvest time come to us cringing with hat in hand asking us how much we've got to have. I can see them biting their nails and pondering: are these imperialist farmers going run the price up on us again this year?

Why don't city people cower inside their city limits and ask: Are these imperialist farmers going to be satisfied with their territory, or they going to extend themselves inside the city and plow up our streets for more crops?

The day may come. We've already got Mr. Khrushchev convinced we're imperialists. All we've got left is 3 billion, 999 million, 999 thousand, 999 hundred other people.

How does the imperialist Herald stand on this?

Yours faithfully,
J. A.

Naturally, when you call Grandmother's phone, that's the one you expect to get, and you do. But that's not as easy as it sounds.

Your call must work its way through all sorts of interconnections, wires, cables, switches and so forth until, finally, it picks the right phone out of some 83 million in the U.S.

Yet, out of all the possible chances for mistakes, your call goes where you send it . . . in town or out-of-town, to Grandmother, wherever she is. This sort of reliability is the result of service improvements that keep increasing the convenience and personal value of your telephone.

NEEDED — TIME FOR MEDITATION

Every working Mother and housewife will admit that there is never enough time — time for being the mother and wife she'd like to be, time for mending, time for planning well balanced meals. Certainly never enough time to meditate on God and His laws — to think on day by day happenings and consider whether or how they affect God's plan for her life.

One way for her to assure herself this time of needed meditation is to make it her habit to visit the church of her choice each Sunday. The quiet atmosphere of love and peace and prayer will restore a feeling of oneness with God and His plan, and give her strength for the work ahead.

"Be still and know that I am God". Psalms 46:10

"He restoreth my soul". Psalms 23:3

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

To take part in a precinct convention, you must first become a "qualified member" of a party by voting in the primary Saturday. The election judge will stamp "Republican" or "Democrat" on your poll tax receipt. This qualifies you to attend the precinct convention.

There, a delegate for each 25 votes cast in the precinct for your party's 1962 candidate for governor will be elected to the May 9 county convention. At that convention, county delegates to state conventions to be held on June 16 and September 15 will be elected. Meeting in June will select and instruct delegates to the national conventions. Also, at that time, candidates for presidential elector will be selected.

September meeting will write a party platform and select state executive committee which runs your party's affairs between conventions.

To put it briefly: When you go to the precinct convention you elect the county delegate, who elects the state delegate, who elects the presidential elector, who then elects the presidential elector, who then elects the president.

JUNEVILE PROGRAM IMPROVING — Texas Youth Council reports that there has been a sharp and welcome drop in the number of repeaters among juvenile offenders sent to Gatesville, Gainesville and Crockett correctional schools.

In the fall of 1961, the rate of returnees was 45 per cent. Then the 1961 Legislature appropriated funds for expansion and improvement of school facilities and for five council parole officers. By August, 1963, the return rate was down to 29 per cent and youth council spokesmen say they hope to hold this since the parole personnel was increased to 20 last month.

The Rev. Clint Kersey, council parole supervisor, said, "We believe that by an increased stay we can keep them in school. Then when they are paroled, they are better able to adjust and hold a job, and that cuts the chance of return."

SCREW WORM APPROPRIATION ASKED — Gov. Connally has requested a \$5,500,000 congressional appropriation for continued protection against the screw worm menace.

A two-year program has eradicated the screw worm from Texas, Connally told congressional leaders, and feasibility of a barrier along the Mexican border to prevent re-infestation is proved.

While southwestern states, livestock producers and sportsmen have financed over half the \$12,000,000 program to date, Connally said, it now is an international matter and should be financed by the U. S. without local matching requirements.

The state, producers and sportsmen would continue to provide inspection, survey and other services in the U. S.

OIL FIELD BRINE — The Texas Water Pollution Control Board scheduled a hearing for July 1 at 9 a.m. on its order prohibiting the surface disposal of oil field brine in Area II of the Ogallala formation — the Middle High Plains. All area II permit holders are to appear at the hearing and show cause why their permits should not be amended to conform to the no-pit order.

A May 27 hearing has been set for Ogallala area I — the Panhandle area — and a hearing on area IV will be held on August 5.

THE JUDICIARY — All gubernatorial candidates have been asked by a State Bar committee to pledge that, if elected, each will consult the bar committee on judicial appointments.

Vernon B. Hill of Mission wrote all candidates that his committee would propose no nominees, but would rate each considered for judicial appointments either exceptionally well qualified, well qualified, qualified or not qualified.

He said a similar procedure is followed by the President of the U. S. and the Attorney General and the American Bar in appointments to the federal judiciary.

State Bar also has named a committee to consult with newspapermen and law officers about the problem of publicity on lawsuits and trials.

Talbot Rain of Dallas is chairman, with former District Judge Joe Frazier Brown of San Antonio and Joe H. Rey-

nolds of Houston members.

Apparently, the group will seek to work out some sort of joint code for policing publicity.

"AIRPORT" OFF-LIMITS — The airstrip at the LBJ Ranch, a single, 6,390-foot runway located 12 miles west of Johnson City, has been declared off-limits to all civil and military aircraft, "except those on official business with prior permission to use the airport."

An order published by the Texas Aeronautics Commission for the Federal Aeronautics Agency said aircraft also must avoid flying within one nautical mile of the presidential residence.

LEASE CALL — The State is offering 369,786 acres of public lands for lease to oil and gas producers. Land Commissioner Jerry Sadler has called for sealed bids on 608 tracts to be submitted by 10 a.m. on May 5.

Sadler predicted the leases will increase the Permanent School Fund by several million dollars.

SLANT-WELL SUITS — Atty. Gen. Waggoner Carr announced that nine new civil penalty suits have been filed against 14 alleged slant-well operators in East Texas, making the suit total 106.

First suit to be filed outside of East Texas, as well as the first against an out-of-state defendant, was filed in Jackson County against John Wrather of Fort Lauderdale, Florida.

Carr also filed another "first" suit, claiming a Rusk County suit well was slanted.

APPOINTMENTS — Gov. Connally appointed Lewis R. Timberlake of Austin to the Texas State Historical Survey Committee. He succeeds the late Millard Cope, executive of the San Angelo Standard-Times. Timberlake is a past president of the Texas Junior Chamber of Commerce.

He named Charles H. King Jr. of Dallas Commissioner of Bureau of Labor Statistics. King resigned as president of the Dallas AFL-CIO Council to accept the appointment.

Connally picked Judge W. T. McDonald of the Texas Court of Criminal Appeals to serve as chairman of the Texas Judiciary Advisory Committee to

the U. S. Olympics.

OPINIONS — Attorney General Carr held in opinions:

Bee County Commissioners are not required to name a board of managers for a county hospital at Beeville which has been leased to Seventh Day Adventists.

A Bexar County man is entitled to credit on his prison sentence for six months held in county jail.

Term of Titus County Justice of Peace Precinct 1, Place 1, began Jan. 1, 1963 and extends through 1966, while the Titus County J. P., Precinct 1, Place 2 (Unexpired term) serves only through this year.

WATER COMMISSION — South Texas Electric Cooperative, Victoria, received Texas Water Commission approval of application to take 23,400 acre feet of water a year from Gualupe River in Victoria County to cool steam-powered generators of its new electric plant.

OMAR BURLESON A Quiet Man

Who Gets Things Done Receives Accolades From Washington

The President of the United States
Remembers A Birthday

Quiet ★ Methodical ★ Coolheaded

OMAR BURLESON is far from the flamboyant type, but states his views in quietly methodical fashion that has gained him the respect of colleagues in Congress. His 1963 attendance and voting record was 100% and since 1947 his attendance and voting record is 98%.

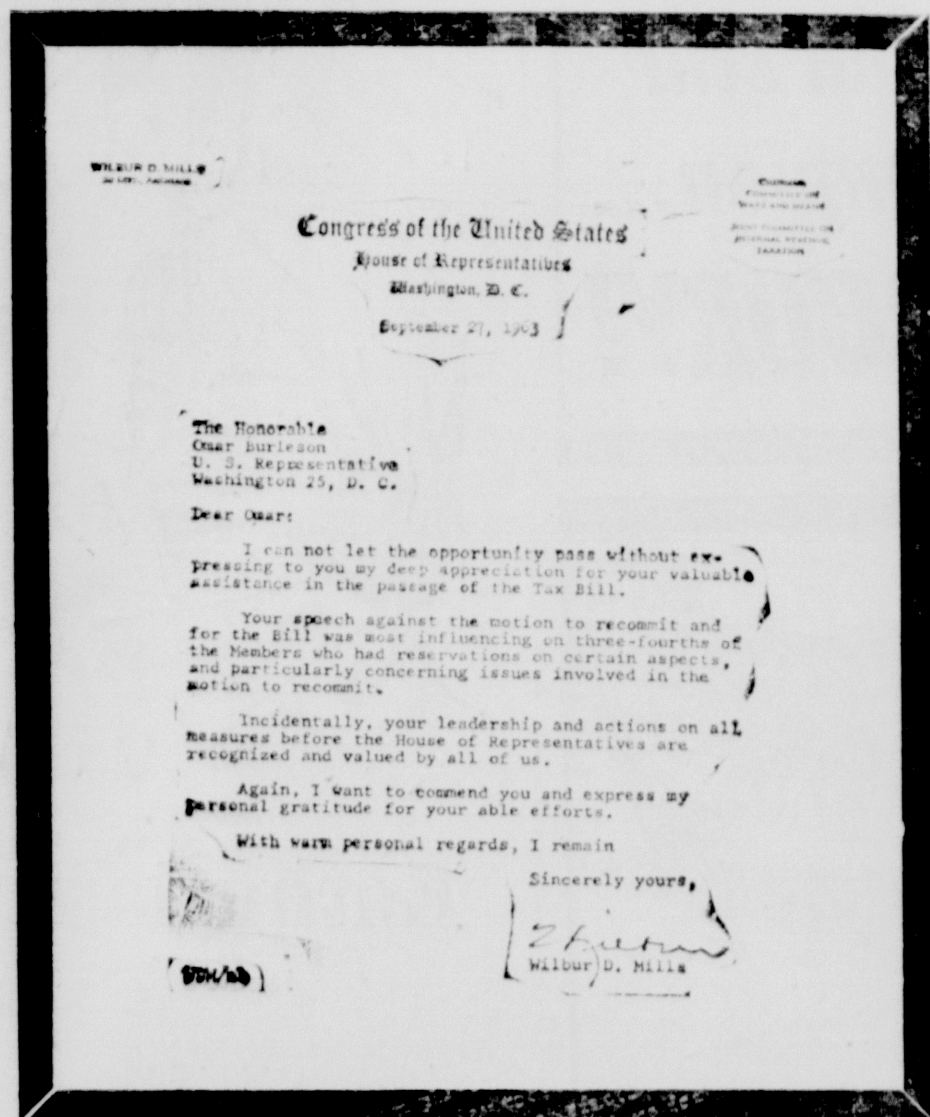

OMAR BURLESON has always voted for the defense bills of this country, he voted for the income tax reduction bill; he introduced a bill to limit beef imports to this country; he introduced first bill to limit oil imports; he introduced a bill for a COMPLETE embargo on trade to Cuba.

In his 18 years in Congress OMAR BURLESON has voted to reduce the federal budget from three to 13 BILLIONS each congressional term; as Chairman of the House Administration Committee he has consistently effected economy in committee spending (i.e. reducing Adam Clayton Powell's committee spending 50%); he has always voted against foreign aid since the late 1940s and recent reaction in Congress is proving him correct. He voted against the Civil Rights Bill because in its present form it limits the freedom of all Americans; he is for the constitutional guarantees regardless of status.

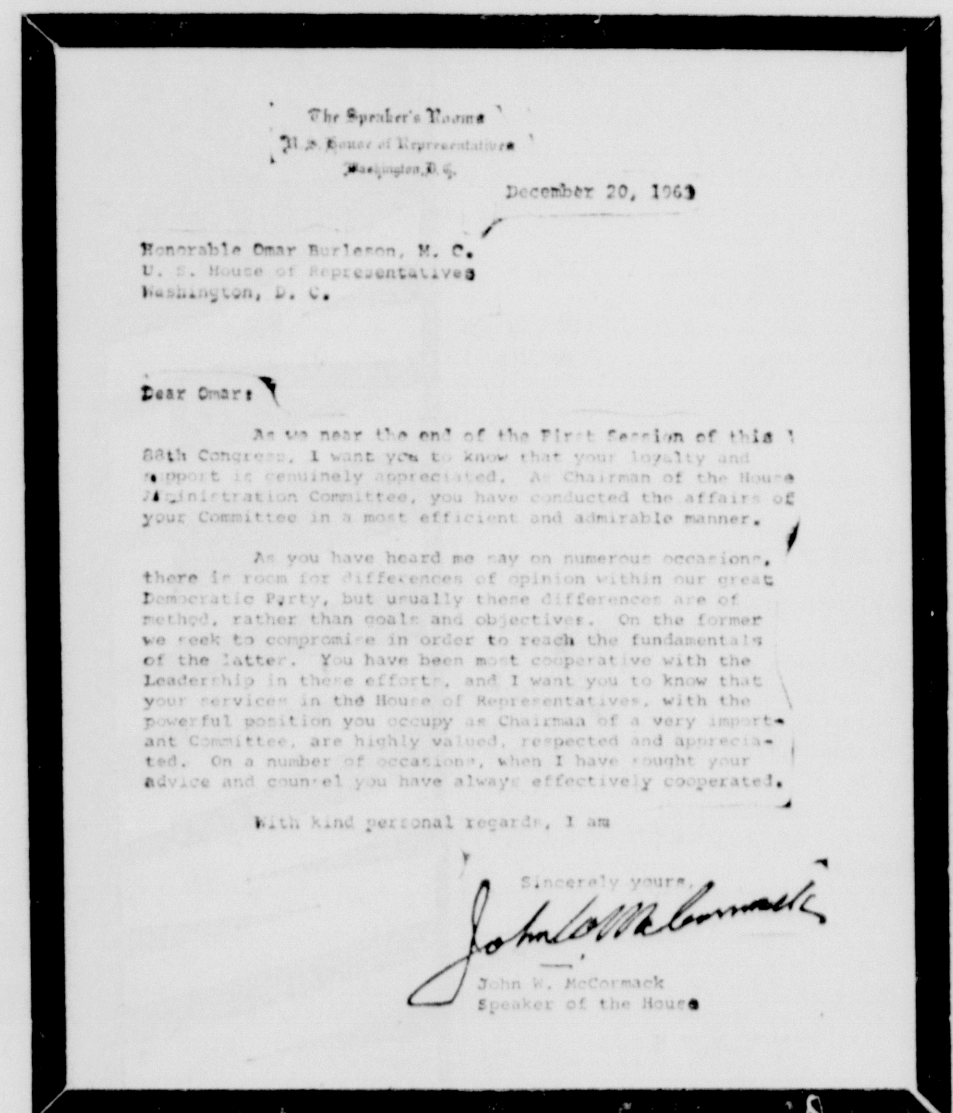

In 1961 the late President appointed him congressional delegate to the United Nations where he used knowledge gained as ranking member of the powerful Foreign Affairs Committee. He is also chairman of the Joint Committee on the Congressional Library and vice chairman on Printing.

Quiet, methodical and cool headed, he is widely known in Congress as a quiet man who gets things done.

and what
have you

by BOB CRAIG

Saturday is an important day in the life of each citizen of Texas in that it is the day that they can become a part of their government by exercising their right to vote. Saturday is the "Big Day" in Texas as far as elections go in that with the exception of one or two possible races the men who will run the state's affairs will be decided in the Democratic Primary rather than in the November election.

If you have qualified yourself to vote we would urge you to do so Saturday.

—BC—

If it wasn't so serious, politics could get rather funny at times. I see where Don Yarborough is running against John Connally for governor on the platform that he would be a Johnson man and Connally would not. This becomes funny when you remember back two years ago when Yarborough was running on the platform that Connally was Johnson's man and that if Connally was elected it would give the control of the state to Johnson.

This paper endorsed Connally for governor two years ago and believe that he surpassed even our highest expectations in getting our state government back on a progressive course of action.

We feel that he should be returned for another two years so that he might have enough time to complete more of his program. We find it rather hard to find any reason why Yarborough is even running for the office this year unless it for some private gain.

—BC—

In the race for Senate we find very little that would encourage us to vote for Ralph Yarborough and while Gordon McLendon may be a little short on qualifications for this office he is the only other choice. Yarborough has never represented the thinking of the majority of the people in this part of the state and has shown himself to be one of the ranker liberals in Washington. He like Don, has all of a sudden found a great many qualities in Johnson that he never seem to be able to find before Johnson became president.

Getting closer to home this paper is endorsing Omar Burleson in his bid for re-election to the House of Representatives. While we may not always agree with Omar—or anyone else for that matter—we feel that he has done an outstanding job of representing his district in Congress.

Carriker's biggest argument against Omar seems to be his voting record against the administration. With as many liberal screwballs as some of the other districts over the nation send to Washington someone has to send someone to slow things down to a level that people can stand. If the congressmen were not supposed to ever vote against the administration there would be no point in electing anybody besides a president.

From Carriker's voting record in the Texas House it is hard to see how he could represent the people of this area—maybe the Latins of South Texas or the up-North labor bosses—but not the people of this district.

—BC—

But regardless of whom you prefer in Saturday's election we would urge that you take time out to vote and to attend the precinct convention at your voting box.

BAND CONCERT DATE CHANGED
TO COMING TUESDAY NIGHT

The date for the fifth annual "Parade of Music" by the Hamlin Public School Bands has been changed to May 5. The original date of May 8 conflicted with the State Track Meet in Austin therefore the change in date was made.

The concert will begin at 7:30 p.m. Admission is 50c. The bands are under the direction of Tim Jones.

Students who have received first at U.I.L. Solo and Ensemble Contests and those who made district and regional bands will be recognized.

The John Philip Sousa Award will be presented to a high

school senior bandsman. The award is presented to the bandsman selected by vote of the band members "in recognition for outstanding achievement and interest in instrumental music and for displaying generally those high qualities of conduct which school instrumental music strives to impart."

The junior high school and high school bands have recently won sweepstakes honors in U.I.L. competition. The bands will present their contests numbers along with other numbers. The stage band will present selections they played at Canyon and Brownwood and also Al Hirt's "Java."

A reception will be held in the high school gymnasium immediately following the concert.

Good Turnout Expected
For Saturday Primaries

With contested races from the precinct level on up to the governor's office both of the local boxes are expecting a good turnout of voters here Saturday for the Democratic Primary. Polls will open in Jones County at 8 a.m. and will close at 7 p.m., according to L. H. McBride, election judge for the Hamlin West box.

The Hamlin East box will vote in the City Hall and the Hamlin West box will vote at the high school again this year. The Republican Primary will be held at the Fire Station.

As voting deadline nears several of the contested races have developed into hotly debated races. The strongly contested races that will effect the public in this area include: John Connally's bid for re-election in which he is opposed by Don Yarborough; Gordon McLendon's bid to upset Ralph Yarborough in his effort to gain re-election to the Senate; Omar Burleson's an Max Carriker's fight for Burleson's seat in Congress; Owen Thomas seeking re-election as District Judge and being opposed by J. Neil Daniel;

Down at the county level Charles Brownfield Jr. is being opposed for re-election as county attorney by Ben Niederdecker Jr.; Dave Reves is being contested for Jones County Sheriff by Bill Longley and James Pippin; and Johnnie Agnew is being opposed in his bid

for re-election as Commissioner, Precinct No. 1, by Burnia Reid Jr.

A sample copy of the Democratic ballot can be found on page three of this paper. In David Rathliff's bid for re-election to the State Senate he is unopposed after Keith Wheatly withdrew from the race, however Wheatly's name still appears on the ballot. On the ballot used in the Hamlin boxes the race for Commissioner, Precinct 3, will not appear on the ballot.

Precinct conventions will be held at both local boxes here Saturday at 2 p.m. at which time delegates to the county convention to be held the following Saturday in Anson will be named.

LOCAL RADIO CLUB ASSISTS IN
LAKE RESUE EFFORTS SUNDAY

Member of the local B C Radio Club were quick to respond to a call for help last Sunday afternoon when word was sent out that a boat with two persons aboard had capsized on the Hamlin West Lake.

Spencer Liles received the message on a communications receiver and in turn passed the word on the other B C's. T. A. (Buddy) Jones and B. J. Furstenberg of Abilene picked up Buddy's boat and in record time had it launched and proceeded on to pick up the stranded person, W. C. Hunter.

Tom Pritchard, who was among the first to arrive on the scene, kept the funeral home and other B C's informed of the proceedings.

W. C. Hunter and his father of Northeast Hamlin were fishing from the small boat when

high winds and rough water caused it to capsize. The elder Hunter swam to shore and drove to town for help while W. C. managed to hang on to the overturned boat.

Eddie Connally and Johnny Overman, riding in Jones boat, helped to pull the man from the water.

The radio club members hold drills and practice exercises periodically to further acquaint themselves with emergency procedures. During stormy periods radio equipped cars will be on the outskirts of town watching for tornado or other severe weather.

The club meets the first and third Friday nights of each month at the high school or the primary cafeteria. Anyone interested in CB radio is cordially invited to attend.

JUDGE TOLD COUNTY OIL AND
GAS VALUATIONS TO DECLINE

Oil and gas valuations, on the decline in Jones County for the last ten years, will drop an additional \$1,600,000 the coming year, Jones County Judge Leon Thurman was told this week.

Pritchett and Abbott, valuation consultants, who appraise oil and gas and utilities property in the county, furnished the estimate this week.

Judge Thurman explained

that this will mean that some \$10,000 in actual county revenue will have to be obtained from other sources. This means that over taxable property will have to supply the money.

In 1954 the combined valuation of utilities and oil and gas property was \$14,410,310. It appears that the 1964 figure will be about \$9,600,000, the judge said, adding that while oil and gas valuations were down, those of utilities probably were up slightly.

The county now is having prepared a valuation survey of property in the county. Figures from this survey will be used in preparing the 1964 tax roll. In recent years, the county has used 20 per cent of the tax valuation in figuring taxes. This percentage figure may drop to 12 to 15 per cent when the new valuation figures are used.

Johnson Reunion
Set for Sunday

The annual Johnson reunion will be held Sunday at Frog Park on the late Robert Johnson place.

Descendants of the late W. T. Johnsons gather each year the first Sunday in May for the reunion.

REPUBLICANS
TO HOLD LOCAL
PRIMARY SAT.

Jones County Republicans will have polling places in Stamford, Lueders, Hamlin and Anson in Saturday's primary, according to Lynn Gillespie, Jones County GOP chairman.

Gillespie also said that persons who wish to vote in the Republican primary but live in a precinct where no polling place has been designated may cast ballots at the nearest precinct polls.

Precinct conventions will be conducted at 2 p.m. Saturday. Polling places will be located at:

Stamford—first floor city hall.

Anson—Littlefield Real Estate Office, east side of the square.

Hamlin—city building next to the fire station.

Lueders—in a building on main street to be designated at a later date. (Gillespie said the building would be clearly marked and easily found by Lueders voters.)

The Republican ballot will contain candidates for 11 statewide offices in addition to state senate and state representative candidates.

The ballot will also contain the names of four possible GOP presidential nominees so that Jones County Republicans may indicate their preference.

Presidential hopefuls as they line up on the ballot will be Barry M. Goldwater of Arizona, Nelson Rockefeller of New York, Margaret Chase Smith of Maine and Harold Stassen of Pennsylvania.

THE MINISTER SPEAKS— 'FELLOWSHIP'

By Rev. Cecil Stowe

Pastor, Church of the Nazarene
The church is a diamond of many facets. Any way you look at the true church, you will see beauty and glory. Many people complain that they have seen hypocrites in the church. Well, sometime ago I saw flies in the mountains of Arizona—of course they were pests, but they didn't detract from the beauty and durability of the mountains. Neither can a hypocrite change the beauty and durability of the church, though he can be a pest to all concerned.

The fellowship you find in the church is wholesome and blessed. A while ago a relative of mine underwent surgery for stomach ulcers. Then for months he went back for treatment. The medical bills ran very high. What the doctor advised him to do to prevent recurrence of his trouble might be good for all of us today. The doctor said, "Good man, what you need to do is to go to church, just any church will help you." There are many other troubles which may be helped with that prescription. We are social beings and need the association with others and of course the best are in the church.

Fellowship suggests in the same ship. We should not ride and paddle our own canoes.

Get in the ship with your fellows and you will find that life is made much richer.

There is not only fellowship with fellowmen but there is the blessed fellowship with God. Mary, in the New Testament, is an example. She sat at the feet of Jesus in blessed rapturous fellowship with God. Jesus said, "This shall not be taken away from her." To sit quietly in worship with God's people and God, while God makes himself known to us, is worth more than all your worldly ambitions, whether it be for gold and silver or for fame. The church offers you fellowship. I urge you to take advantage of it and do like thousands of others, become a part of the church and attend and support it regularly.

FAIRVIEW NEWS

By MRS. ELMER JOINER

The first rain of the month fell Saturday night, one half inch. After a typical old western sand storm, Sunday, most of the rain has gone from us since it was such a wee bit and the ground was so dry. However, contrary to most of the western winds, this one is cool, Sunday being so cool that fires had to be lighted. This Monday morning continues to be chilly, so the little rain combined with the cooler weather, will help the wheat a few more days.

To those driving through our part of the country, and looking out seeing wheat being mowed down, will wonder if the farmers have lost their minds. They are just being smart, since the new wheat program that just came out requires that you not be planted over your allotment, to qualify for the

government payments, and since we farmers love those handouts, down went all of our excess acreage. You can bale it and sell it, graze it, or any thing, just so you do destroy it so it will not be harvested as wheat. Sound crazy? Well, that is the way they have it worked out, so as we said, you are crazy not to comply, so that is the reason that farmers are busy destroying excess wheat acreages.

The annual gin meeting of the Farmers Co-op Gin of Hamlin, Watts Fletcher manager, was well represented from our community, held last Thursday night, at the Primary School cafeteria, in Hamlin. Drinks, hot and cold, and pie were served, drawings held for prizes and dividend checks given out. So with all of those attractions, why shouldn't we

all attend?

Friday night we all went back to the same place for the Neinda Gin meeting. The meeting was carried out in the same manner, with Hollis Madden being manager of that gin. Refreshments were served, door prizes given, and dividend checks distributed.

The only illness reported out our way this week was that Keenan Wright now has the pink eye, which Melinda had recently. Mrs. Henry has recovered from her case of hives enough to be back in church last night.

There is another vacant house out this way, since Mr. and Mrs. Robert Rhoton, who have been living in the house on the Gay Fielder farm, moved to town last Saturday.

Rev. and Mrs. Kenneth Levrett, Mr. and Mrs. Marvin Carlton, attended the T.S.A. banquet, held at Hawley, last Monday night. Kimmy and Kristy stayed with the Stanley Jackson family, and are reported to have had all of the fun.

Mrs. Woodrow Goodwin visited with the Drake family

last Monday afternoon.

Mr. and Mrs. Winslow Gray and Mr. and Mrs. H. L. Ford attended the concert at Tuxedo, Saturday night, put on by the Gatlin quartet.

Danny Wainwright, Haskell spent the week end with his grandparents, Mr. and Mrs. George Wainwright and Uncle Jimmy.

Mr. and Mrs. Henry's home was the meeting place for some of their children and grandchildren over the week end. Their son, Mr. and Mrs. W. C. Henry, Boyd and Jo, from Elgin, their son, Mr. and Mrs. Bill Henry, Austin, all came and met their daughter and sister, Mr. and Mrs. Mack Sansing and two little daughters, from Higgins. Other guests were Mrs. Warren Henry and Miss Ann Henry, both from Lubbock, Mrs. Mary Sue Henry, Rule. Miss Ann Henry, a teacher in the Lubbock schools, is the daughter of Mrs. Henry from Rule.

Mr. and Mrs. Winslow Gray visited with Mr. and Mrs. Woodrow Goodwin Sunday afternoon.

Family night for the church is still planned for Wednesday night, in the home of Mr. and Mrs. Flavil Holmes.

Linda Goodwin attended church at the First Methodist Church, in Hamlin, Sunday night.

Mr. and Mrs. Jimmy Joiner Ronald and Jeannie, visited up Hamlin way, Sunday, with their parents, the Baily Meeks and Elmer Joiners.

In reading the Abilene paper recently, I learned that a person that reports the news from a local place was called a "stringer." So I learned that I am a stringer, not because I string out a little news, trying to make more, but because the local reporters are paid by the inch, all of which gave a little information. Sometimes a

Three to Appear in Court on Child Support Cases

Three men have been cited to appear in 104th District Court May 22 and show cause why they should not be held in contempt of court. All three are alleged to have neglected or refused to make child support payments.

At the time divorces were granted, Judge Owen Thomas set amount of money to be paid for support of the children which were given to the mother in each of the three instances. Texas law makes no provision for alimony and no money is allocated to the divorced wife.

Payments for child support are to be made to the office of the district clerk. There is no legal way for the clerk to force collection. He is only the

"stringer" really gets some digs, but the nice things said more than make up for them, that is life, whatever you do some criticism is bound to fall. Next Saturday is voting day, lets all go to the polls and vote.

receiving officer.

Mothers who do not receive the money allotted by the court must appeal to the County attorney and if a warning does not produce results, contempt proceedings are instituted.

Rubber Boot Anchor

An old rubber boot filled with cement makes a cheap, handy boat anchor. Thread a steel rod in it for an eye.

Being rubber covered the anchor won't scrape, scratch or scar the boat but will hold her steady. Also, it makes a quiet anchor when carried inside the boat.

FHA MEMBERS HONOR SENIOR GIRLS WITH SNACK TUESDAY

The FHA members honored the senior girls with a snack party in the home of Judy Jenkins Tuesday night at 7:30. Each senior FHA member gave a short talk on the college she plans to attend and her reasons for selecting that particular college. The girls also told which fields they had chosen for careers and why. After the program, refreshments were served.

HHS
The Women's Missionary Union of the First Baptist Church honored the seniors and class sponsors with a breakfast Tuesday morning in Fellowship Hall. B. V. Newberry led the invocation, and Mrs. S. L. Tate, WMU president, extended the welcome. Ralph Perkins, field representative from Hardin-Simmons University, and Kenneth Hill, director of alumni affairs at Hardin-Simmons, were guests speakers for the event. Both men stressed the importance of a college education in today's life. Mr. Perkins used the question "Who are you and what are you going to do with yourself?" in his talk challenging the seniors to make the right decisions. Mr. Hill gave an over-all picture of what college has to offer a student, and he also emphasized the importance of choosing a school which is suited to the individual student's needs.

REPORT SHOWS HIGH SCHOOL LIBRARY IS VERY POPULAR

Evidence that Hamlin's young people are eager readers of good adult books, both classic and modern, is shown in a report from Hamlin High School.

During the current school year, more than 225 non-credit books were purchased and read by students through membership in the Teenage and Campus Book Clubs. The books that proved most popular with these students ranged from adult best-sellers, like THE EXILE, TRAVELS with CHARLEY, and LOST HORIZON, to recognized classics in world literature, THE SCARLET LETTER, WUTHERING HEIGHTS, and Dr. JEKYLL and Mr. HYDE. Other books which proved popular were realistic stories written for and about

teenagers and their problems such as STREET ROD, THUNDER ROAD, CAMPUS MELODY, SECRETS OF LOVE, LINESS, and DEAR GAY HEAD.

This week club members selected free dividend books, the bonuses they had earned from books purchased during the second semester.

Mrs. Dewey Nunley, the teacher-sponsor of the Clubs, described the clubs as "a unique national program that enables students to choose their recreational reading from a wide variety of low-priced paperback books." Many of the selections are recommended for students who are going to college; all are chosen by educators to appeal to young adults. More than 300,000 high school students are now enrolled in the clubs throughout the United States and Canada.

Members of the club are freshmen: Sandra Dudge, Linda Goodwin, Helen Moore, Mike Murphree, Vicki Newland, Revonna K. Robertson, Sue Roddy, Geneva Ward, Dennis Weaver, Suzanne Wicker, John Osbourn, Jimmy Vaughan, Henry Gonzalez, Jean Young, and Danny Cary, sophomores: Scotty Brown, Doug Sharer, Johnnie Harbert, Jim Kincaid, Linda Legan, Jerry Hill, Mike Rountree, Bobby Robertson, Aubrey Fry, Glenda Hudspeth, Jimmy Hawkins, Ronne Stice, Jeannette Goolsby, Kay Hodnett and Jimmy Stuart.

If you move to California, your child will benefit from exercise every school day.

Why not save the moving expenses?

Only California makes it a "must" for every school child to participate in a daily fitness program. What about the program in your school? Don't judge it by varsity activities alone. Rather, find out what it offers average boys and girls—those most in need of regular, vigorous activity. OLD GLORY...

Eleven students, Mr. Leverett, Mrs. Klump, Mrs. Ed Letz, Mr. and Mrs. John L. Garner, Mr. and Mrs. Tom Pritchard, and Mr. and Mrs. Glenn Quade, attended the 11B regional meet at Stephenville at Tarleton State last Friday. Tennis players from Old Glory did excellent. Freshman Stephanie Letz captured the girls title singles making her eligible for the state meet. Also eligible first place winners were juniors Beverly Garner, currently a state champion, and Nancy Vahlenkamp girls doubles. Larry Quade, a senior, was first in the regional ready writing contest.

Second place winners from Old Glory were Jerry Hahn and Marvin Vahlenkamp, both sophomores, had an excellent job in both doubles. Judy White, a

freshman, placed second in extemporaneous speaking. Linda Gohlson placed third in poetry interpretation and also entered in the ready writing contest but did not place. Rhonda Baitz, a sophomore, placed third in slide rule. Cynthia Letz did well in typing but didn't place.

Donald Bates, boys hard ball player played very hard but did not place. Donald a senior this year has made a fine record in his past years at O. G. There were many basketball games the team couldn't have won without him. He lettered all of his four years in high school. He has been Mr. OGHHS and most representative, annual business manager. He has been in UIL science several times. Donald graduates this year ranking third highest in his class.

Judy White served as a judge at the Haskell County 4-H Elimination Saturday April 18, in clothing division.

The Old Glory Junior Leader Square Dance Team took top honors in the senior division at the Stenwall County 4-H Share-the-Fun held at the Aspermont School Auditorium Monday night, April 20.

Members of the team receive a free trip to County 4-H Camp to be held at Buffalo Gap on July 30, 31. Team members are Carolyn Sanders, Stanley Diers, Stephanie Letz, Marvin Vahlenkamp, Charles Diers, Mike Baldree and Judy White.

Junior division winners from Old Glory was an art "A Style Show" Blue Ribbon winner acted by: Weldon Spitzer, Russell Letz, Steve Letz, Herbert Woodbridge, Dewey Dudensing, Kenneth Jones, Jimmy Leverett and Gary Teichelman. Red Ribbon winners were: Dr. Quack, Johnny Garner, Cody Bridges and Dale Lou Letz, Hasty Harry, Judy Sander, narrator, Rita Baldree, Reva Letz, Brenda Palmer, Linda Palmer, Linda Jernigan, and Regina Letz. Landing of Columbus; Debra Pierce Narrator, Cynthia Bales, Carol Palmer, Sandra Henderson, and Susan Baldree.

Tickets are \$1.00 and 50¢ and may be purchased at the door or contact any member of the freshman class. Other concessions will be there also.

Mr. and Mrs. Kuno Mischer of Garland were here last week on visiting with her sister and husband, Mr. and Mrs. Herbert Klump, and other relatives and friends.

W. G. Wienke has returned home after spending several months in a rest home in Lubbock. Mr. Wienke has improved and is able to get up and walk about the house a little now.

Mr. and Mrs. Tom Pritchard spent last week end with his parents near Weatherford.

A 42 party hosted by Mr. and Mrs. Allen Davis and Carolyn Sander in the Old Glory Simple Cook Trap.

Put a 55-gallon steel drum next to a tree and bait it with corn. A coon can jump into it from the tree but can't jump out. Makes a good trap!

Don Yarbrough is on record as a Lyndon Johnson Democrat. He has always been a Democrat. Don Yarbrough has always supported the National Democratic Party and its nominees. He has endorsed President Johnson's administration.

This is not the case with John Connally. Connally would contribute toward a possible defeat for President Johnson. Although Connally has mouthed support for President Johnson, he has deserted the Democratic Party before and who knows when he may do so again? Democrats in the 49 states know he is antagonistic to the President's program. They know he led Democrats into the Republican Party in past national elections. They know about Connally's conspiracy with Allan Shivers this year to recruit a former Republican to try to defeat Texas' only Democratic U. S. Senator, Ralph Yarborough, in the Democratic primary.

Democrat Don Yarbrough is the only candidate for governor of Texas who would help carry the nation for Lyndon Johnson's election this fall.

Pol. adv. paid for by Stonewall County friends of Don Yarbrough.

School Cafeteria last Saturday night netted \$111.50 for the Cancer Drive.

Approximately 40 people from the community attended the party. Cookies, tea and coffee were served. Mr. Royce Adkins of Haskell also attended.

The Stonewall County 4-H Clubs are sending 16 teams to District Elimination on May 2 at Wichita Falls. The Livestock Judging teams have already won first place in the Junior Division and 2nd place in the Senior Division.

Senior Division Entries are: Poultry Marketing: Perry Workman and Jack Samford. Soil Judging: Butch Martin, George Roberts and Wayne Rash.

Girls Public Speaking: Carolyn Sander.

Farm and Home Management: Nancy and Marvin Vahlenkamp.

Poultry Judging: Judy White, Mike Baldree, Charles and

Stanley Diers. Junior Division Entries are: Electricity: Weldon Spitzer and Steve Letz. Vegetable Preparation: Reva Letz and Brenda Palmer. Safety: Regina Letz and Linda Palmer. Civil Defense: Kenneth Jones and Jimmy Leverett. Jr. Girls Public Speaking: Judy Sander. Junior Judging: Rita Baldree, Russel Letz, and Mike Samford. Tractor Driving: Herbie Woodbridge. Vegetable Production: Lynn Ward and Vickie Samford. Soil and Water: Jack Brown. Soil Judging: James Gholson, Stanley Trammell, Jerry Lawrence and Donnie Swink. Public Speaking: Ralph Riddell Jr.

Mr. and Mrs. Beno Hertenberger attended the Piano Recital in Rule last week end. Their grandson, Lane, son of

Mr. and Mrs. Malcolm Hertenberger was in the recital.

From Last Week: Guests in the home of Mr. and Mrs. Beno Hertenberger last Saturday were their daughter and family, Mr. and Mrs. Jack Simmons and children, of Fort Worth; Mr. and Mrs. Jerry Hertenberger and children of Abilene, Mr. and Mrs. Roy Hertenberger and son of Rule. The group enjoyed a barbecue supper on Saturday evening. On Sunday another son and his family Mr. and Mrs. Don Hertenberger and children of Abilene, also joined the group.

On Sunday afternoon their son-in-law, Jack Simmons, received a heart attack and died. Mrs. Pauline Fuqua of Stamford visited in the home of her sister Katie Gerloff and other relatives and friends here last week end.

BROWNFIELD SEEKS ANOTHER TERM AS COUNTY ATTORNEY

To the people of Jones County:

Please accept this as my application to you for the privilege of serving you as your County Attorney next term. I have the academic legal requirements for the office plus the wisdom gained only when knowledge is tempered by actual experience.

I am humbly aware of the trust and faith you have placed in me in allowing me to serve as your County Attorney. I pledge to you that if you allow me to continue in such capacity, I shall do so in the manner indicated by my record. I shall continue to protect the innocent as vigorously as I shall continue to prosecute the guilty; at all times administering the duties of my office without fear, favor, or partiality to all races, creeds, and religions notwithstanding social or economic positions as such duties are prescribed by the laws of the State of Texas.

I am 41 years old, a graduate of Stamford High School, John Tarleton Agricultural College, and the University of Texas. I have a law degree and a business administration degree from the University. I served in the Army 3 years during World War II during which time I served with the combat infantry in the European Theater as a platoon leader.

I am married to the former Eunice Haterius, daughter of Reverend and Mrs. Hugo B. Haterius of the Erickson Community east of Stamford. My father and mother now live in Albany, Texas, after having been in the cotton and grain and feed store business in Stamford for many years.

Eunice and I have four children, Chuck 14 years of age; Miss 12 years of age; Lezli, 9 years of age; and Renee, 6 years of age. We are members of the Bethel Lutheran Church where I serve as Vice Chairman of the Church Board.

I have appreciated my association with you, the people of Jones County, and sincerely request that you allow me to continue that association by re-electing me as your County Attorney on Saturday, May 2, 1964.

Sincerely yours,
Charles E. Brownfield, Jr.

TEXAS AG DEPT. INVESTIGATING SHORTAGES IN MEAT SALES

AUSTIN — How much eating meat can a housewife expect to get when she buys a side of beef to be cut up and wrapped for her home freezer?

Most people buy a side of beef "on faith," according to Agriculture Commissioner John C. White, and they have little or no idea as to how much meat they will actually receive. As a result, the Texas Department of Agriculture is currently investigating numerous complaints on apparent shortage of meat prepared for home freezers.

"The housewife sees an advertisement for a beef side for as low as 39c a pound, plus cutting and wrapping charges," Commissioner White explained. "But some bargain beef may not be such a bargain after all unless the customer understands all aspects of the sale."

White said a frequent complaint is that the seller will not have a beef side available at the advertised low price. Or the customer may be shown a beef of such obvious poor quality that they would not think of buying it.

"The pressure is exerted by the seller for the customer to consider a much higher priced beef, with much stress on the 'better quality,'" White explained. "This 'con game' is as old as time and gives legitimate freezer plants and commercial packing houses a black eye."

This ruse, however, is quickly recognized by most customers, said White. It is not until their purchase has been cut and wrapped that many realize they

have been taken by an unscrupulous operator.

Commissioner White said every housewife should know that when she buys a side of beef at a per pound price, she is going to pay for a certain amount of bone, fat, waste and shrink. Most butchers will point this fact out and explain to the purchaser just about how much waste is involved.

"But we've had some cases reported where the purchasers receive only about 50 per cent of the original weight of the beef side," White said.

Commissioner White said studies have been made by the American Meat Institute, the National Livestock & Meat Board, and the Texas Department of Agriculture, arriving at averages for retail cuts of meat that can be expected for beef sides.

"These averages will vary to some degree, but they are as factual as possible. For example, a 590-pound beef side will yield about 465 pounds of retail cuts, which means about 125 pounds of waste can be expected from a good to choice carcass. Cutting losses will vary with the amount of boning and closeness of trimming, however," White said.

A chart has been prepared for home freezer owners which gives average of yields from beef, pork and lamb carcasses. Commissioner White urged home owners to contact his department for the information which is available free of charge.

The chart not only deals in dressed weight percentages but

points out how many pounds, average, of the various cuts of meat can be expected, such as porterhouse, T-bone and club steaks, rump roast, chuck roast, hamburger, stew meat, etc.

Requests for the chart can be sent by card or letter addressed to John C. White, Commissioner of Agriculture, Austin, Texas.

Gordon McLendon Seeks Senate Seat

Gordon McLendon concentrated his fire on the pending civil rights bill in the waning days of his campaign for the Democratic nomination for U. S. Senator.

He followed a schedule designed to reach, through personal contact and communications media, the greatest possible number of voters before the May 2 primary. His itinerary calls for thousands of miles of travel into all sections of the State by plane and helicopter.

"My opposition to the bill being debated in the Senate actually is a crusade for civil rights," he declared. "I'm not in favor of denying any of our citizens the rights granted them by the Constitution, but I am against the passage of this bill because certain sections of it threaten the civil rights of all citizens. Those provisions would deny everyone, regardless of race or national origin, the right of trial by jury and deprive us all of control over our property — including our very homes."

Elect A Man Who Believes The People OWN THE COURTS

I believe the courts belong to the people and that they do not belong to the judge or lawyers. The judge, the lawyers, the sheriff and the clerks of the 104th District Court are all officers of the court—but in my opinion they are there to represent the people. I think it should be the duty of all the officers to see that the court represents the people so that all receive fair treatment in an impartial court before and impartial jury.

J. NEIL DANIEL

The present incumbent refers to the 104th District Court as "my own" court. He has served 34 years of his adult life in public office, 24 as a district judge. He is 68 years of age and is entitled to \$6,000 a year retirement to which he has contributed.

The law gives a district judge a tremendous amount of power and the people should see that this power is not misused and misguided to the detriment of the people whose cases are being tried.

The only promise I can make is to do my best to uphold the law, to know that mercy is a portion of justice and to see that everyone having contact with the court is treated fairly with the respect due every individual.

I submit, to you, the people, that it is time for a change. It is time to return the 104th District Court to the custody of a judge who remembers that the court belongs to the people and that no one "owns" a court.

PHILOSOPHER WANTS MORE PEOPLE CONVINCED THAT ALL FARMERS ARE STRONG IMPERIALISTS

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 reacts to a Khrushchev speech this week. Dear editor:

I was reading in a newspaper last night that Mr. Khrushchev was lecturing some communist agricultural workers and told them that as much as he hated to admit it, "the imperialist American farmers are out-producing Russian farmers."

Now of course this isn't news, I've been pointing out for a long time that if American space scientists were as far ahead of the Russian rocketists as us farmers are of Russian farmers, we'd probably already have been to the moon and

found out it wasn't worth the trip, but what interests me about Mr. Khrushchev's statement is his reference to us "imperialist farmers".

I looked this up, and I understand it, an imperialist is somebody who tries to extend his power, to dominate others, and I guess this is the first time in history us farmers have been described in such important terms. I would like for Mr. Khrushchev to hammer down on this harder, as so far he's the only one who believes it.

I mean, I wish us farmers could convince Congress for example that we're imperialists, that we dominate Washington.

I wish the people who buy the things farmers produce would

catch on, and at harvest time come to us cringing with hat in hand asking us how much we've got to have. I can see them biting their nails and pondering: are these imperialist farmers going run the price up on us again this year?

Why don't city people cower inside their city limits and ask: Are these imperialist farmers going to be satisfied with their territory, or they going to extend themselves inside the city and plow up our streets for more crops?

The day may come. We've already got Mr. Khrushchev convinced we're imperialists. All we've got left is 3 billion, 999 million, 999 thousand, 999 hundred other people.

How does the imperialist Herald stand on this?

Yours faithfully,
J. A.

when you call Grandmother

...YOU DON'T EXPECT TO REACH TIMBUKTU

Naturally, when you call Grandmother's phone, that's the one you expect to get, and you do. But that's not as easy as it sounds.

Your call must work its way through all sorts of interconnections, wires, cables, switches and so forth until, finally, it picks the right phone out of some 83 million in the U.S.

Yet, out of all the possible chances for mistakes, your call goes where you send it . . . in town or out-of-town, to Grandmother, wherever she is. This sort of reliability is the result of service improvements that keep increasing the convenience and personal value of your telephone.

NEEDED — TIME FOR MEDITATION

Every working Mother and housewife will admit that there is never enough time — time for being the mother and wife she'd like to be, time for mending, time for planning well balanced meals. Certainly never enough time to meditate on God and His laws — to think on day by day happenings and consider whether or how they affect God's plan for her life.

One way for her to assure herself this time of needed meditation is to make it her habit to visit the church of her choice each Sunday. The quiet atmosphere of love and peace and prayer will restore a feeling of oneness with God and His plan, and give her strength for the work ahead.

To take part in a precinct
convention, you must first be-
come a "qualified member" of
a party by voting in the pri-
mary Saturday. The election
judge will stamp "Republican"
or "Democrat" on your poll tax
receipt. This qualifies you to
attend the precinct convention.

There, a delegate for each
25 votes cast in the precinct for
your party's 1962 candidate
for governor will be elected to
the May 9 county convention.

At that convention, county
delegates to state conventions
to be held on June 16 and
September 15 will be elected.

Meeting in June will select and
instruct delegates to the na-
tional conventions. Also, at that
time, candidates for presiden-
tial elector will be selected.

September meeting will write
a party platform and select
state executive committee
which runs your party's affairs
between conventions.

To put it briefly: When you
go to the precinct convention
you elect the county delegate,
who elects the state delegate,
who elects the presidential elec-
tor, who then elects the presi-
dential elector, who then elects
the president.

JUNEVILLE PROGRAM IM-
PROVING — Texas Youth
Council reports that there has
been a sharp and welcome drop
in the number of repeaters
among juvenile offenders sent
to Gatesville, Gainesville and
Crockett correctional schools.

In the fall of 1961, the rate
of returnees was 45 per cent.
Then the 1961 Legislature ap-
propriated funds for expansion
and improvement of school fa-
cilities and for five council pa-
role officers. By August, 1963,
the return rate was down to 29
per cent and youth council
spokesmen say they hope to
hold this since the parole per-
sonnel was increased to 20 last
month.

The Rev. Clint Kersey, coun-
cil parole supervisor, said, "We
believe that by an increased
stay we can keep them in
school. Then when they are pa-
roled, they are better able to
adjust and hold a job, and that
cuts the chance of return."

SCREWORM APPROPRI-
ATION ASKED — Gov. Con-
nally has requested a \$5,500,000
congressional appropriation for
continued protection against
the screwworm menace.

While southwestern states,
livestock producers and sports-
men have financed over half the
\$12,000,000 program to date,
Connally said, it now is an in-
ternational matter and should
be financed by the U. S. with-
out local matching require-
ments.

The state, producers and
sportsmen would continue to
provide inspection, survey and
other services in the U. S.

A two-year program has en-
dorsed the screwworm from
Texas, Connally told congress-
ional leaders, and feasibility
of a barrier along the Mexican
border to prevent re-infesta-
tion is proved.

An order published by the
Texas Aeronautics Commission
for the Federal Aeronautics
Agency said aircraft also must
avoid flying within one nauti-
cal mile of the presidential re-
sidence.

LEASE CALL — The State
is offering 369,786 acres of pub-
lic lands for lease to oil and gas
producers. Land Commissioner
Jerry Sadler has called for seal-
ed bids on 608 tracts to be sub-
mitted by 10 a.m. on May 5.

Sadler predicted the leases
will increase the Permanent
School Fund by several million
dollars.

SLANT-WELL SUITS —
Atty. Gen. Waggoner Carr an-
nounced that nine new civil
penalty suits have been filed
against 14 alleged slant-well
operators in East Texas, mak-
ing the suit total 106.

First suit to be filed outside
of East Texas, as well as the
first against an out-of-state de-
fendant, was filed in Jackson
County against John Wrather
of Fort Lauderdale, Florida.
Carr also filed another "first"
suit, claiming a Rusk County
gas well was slanted.

APPOINTMENTS — Gov.
Connally appointed Lewis R.
Timberlake of Austin to the
Texas State Historical Survey
Committee. He succeeds the
late Millard Cope, executive of
the San Angelo Standard-Times.
Timberlake is a past presi-
dent of the Texas Junior Cham-
ber of Commerce.

He named Charles H. King
Jr. of Dallas Commissioner of
Bureau of Labor Statistics.
King resigned as president of
the Dallas AFL-CIO Council to
accept the appointment.

Connally picked Judge W. T.
McDonald of the Texas Court
of Criminal Appeals to serve
as chairman of the Texas Judi-
ciary Advisory Committee to

the U. S. Olympics.

OPINIONS — Attorney Gen-
eral Carr held in opinions:
Bee County Commissioners
are not required to name a
board of managers for a county
hospital at Beeville which has
been leased to Seventh Day
Adventists;

A Bexar County man is en-
titled to credit on his prison sen-
tence for six months held in
county jail;

Term of Titus County Justice

began Jan. 1, 1963 and extends
through 1966, while the Titus
County J. P., Precinct 1, Place
2 (Unexpired term) serves only
through this year.

WATER COMMISSION —
South Texas Electric Cooper-
ative, Victoria, received Texas
Water Commission approval of
application to take 23,400 acre
feet of water a year from Gua-
dalupe River in Victoria County
to cool steam-powered genera-
tors of its new electric plant.

Commission has published a
bulletin, "Research on Evapor-
ation Retardation in Small Res-
ervoirs, 1958-63," for the ben-
efit of farmers and ranchers con-
cerned with losing water through
evaporation. Bulletin is a-
vailable free from the commis-
sion's office, Austin, Texas.

SHORT SNORTS — Gov.
Connally issued an executive
order in support of the Texas
Education Agency's bid to get
the Federal vocational educa-
tion school contract for aban-
doned Gary Army Airfield at
San Marcos. . . . Water Pol-
lution Control Board approved
three applications allowing City
of Orange to continue sewage
disposal in Sabine River on con-
dition it improves its plant fa-
cilities promptly. . . . Texas May
draft quota is only 258 men,
compared to 449 for April. . . .
University of Texas Board of
regents placed law school pro-
fessor Hubert Winston Smith
on leave of absence without pay
during the time he is serving as
Jack Ruby's attorney. . . . Tex-
as Industrial Commission's pro-
gram of coordinating existing
development activities may pro-
vide "the future pattern in in-
dustrial development for other
states to follow," according to
a University of Texas Bureau
of Business Research staffer.

State Bar also has named a
committee to consult with
newspapermen and law officers
about the problem of publicity
on lawsuits and trials.

Talbot Rain of Dallas is
chairman, with former District
Judge Joe Frazier Brown of
San Antonio and Joe H. Rey-

olds of Houston members.

Apparently, the group will
seek to work out some sort of
joint code for policing publicity.

"AIRPORT" OFF-LIMITS —
The airstrip at the LBJ Ranch,
a single, 6,300-foot runway lo-
cated 12 miles west of Johnson
City, has been declared off-
limits to all civil and military
aircraft, "except those on offi-
cial business with prior permis-
sion to use the airport."

WATER COMMISSION —
South Texas Electric Cooper-
ative, Victoria, received Texas
Water Commission approval of
application to take 23,400 acre
feet of water a year from Gua-
dalupe River in Victoria County
to cool steam-powered genera-
tors of its new electric plant.

Commission has published a
bulletin, "Research on Evapor-
ation Retardation in Small Res-
ervoirs, 1958-63," for the ben-
efit of farmers and ranchers con-
cerned with losing water through
evaporation. Bulletin is a-
vailable free from the commis-
sion's office, Austin, Texas.

SHORT SNORTS — Gov.
Connally issued an executive
order in support of the Texas
Education Agency's bid to get
the Federal vocational educa-
tion school contract for aban-
doned Gary Army Airfield at
San Marcos. . . . Water Pol-
lution Control Board approved
three applications allowing City
of Orange to continue sewage
disposal in Sabine River on con-
dition it improves its plant fa-
cilities promptly. . . . Texas May
draft quota is only 258 men,
compared to 449 for April. . . .
University of Texas Board of
regents placed law school pro-
fessor Hubert Winston Smith
on leave of absence without pay
during the time he is serving as
Jack Ruby's attorney. . . . Tex-
as Industrial Commission's pro-
gram of coordinating existing
development activities may pro-
vide "the future pattern in in-
dustrial development for other
states to follow," according to
a University of Texas Bureau
of Business Research staffer.

State Bar also has named a
committee to consult with
newspapermen and law officers
about the problem of publicity
on lawsuits and trials.

Talbot Rain of Dallas is
chairman, with former District
Judge Joe Frazier Brown of
San Antonio and Joe H. Rey-

olds of Houston members.

Apparently, the group will
seek to work out some sort of
joint code for policing publicity.

"AIRPORT" OFF-LIMITS —
The airstrip at the LBJ Ranch,
a single, 6,300-foot runway lo-
cated 12 miles west of Johnson

OMAR BURLESON A Quiet Man

Who Gets Things Done Receives Accolades From Washington

The President of the United States
Remembers A Birthday

Quiet ★ Methodical ★ Coolheaded

OMAR BURLESON is far from the flamboyant type, but states his views in quietly methodical fashion that has gained him the respect of colleagues in Congress. His 1963 attendance and voting record was 100% and since 1947 his attendance and voting record is 98%.

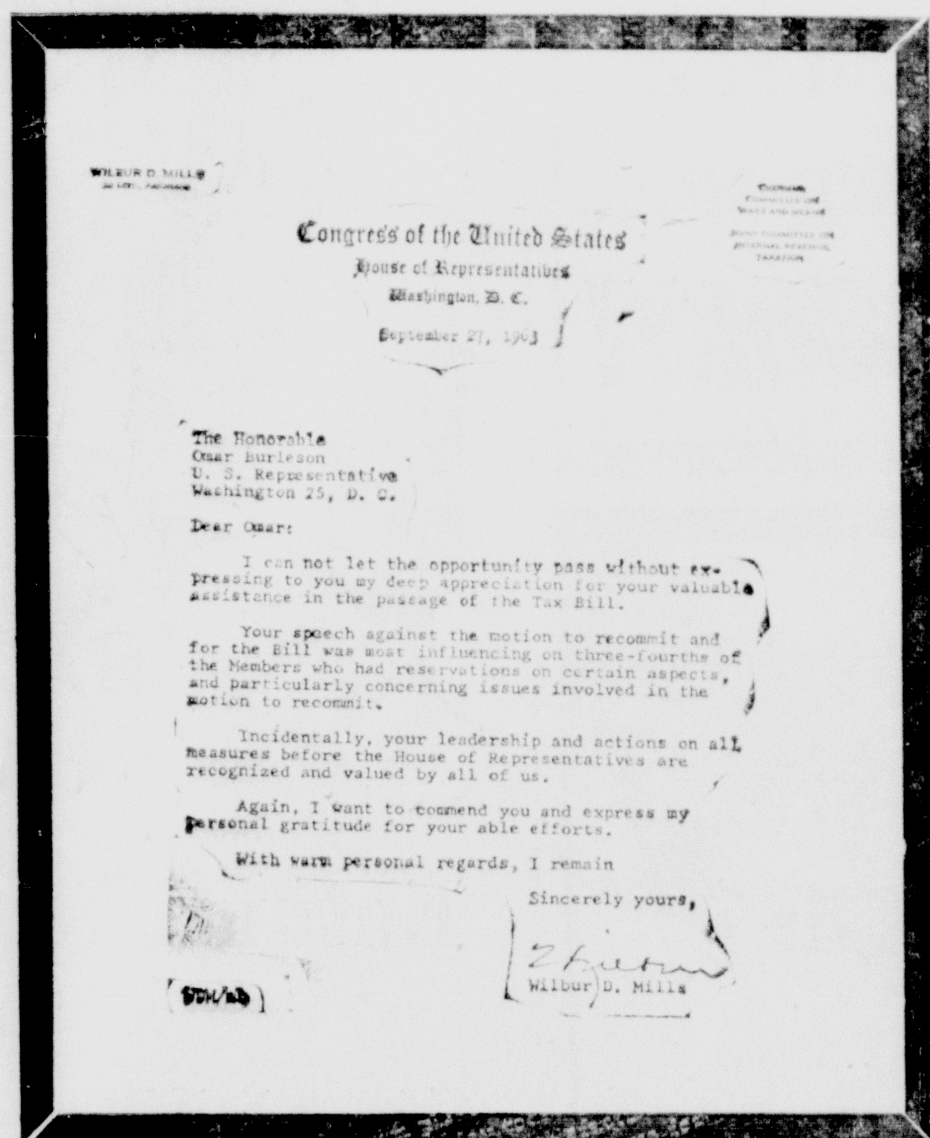

OMAR BURLESON has always voted for the defense bills of this country, he voted for the income tax reduction bill; he introduced a bill to limit beef imports to this country; he introduced first bill to limit oil imports; he introduced a bill for a COMPLETE embargo on trade to Cuba.

In his 18 years in Congress OMAR BURLESON has voted to reduce the federal budget from three to 13 BILLIONS each congressional term; as Chairman of the House Administration Committee he has consistently effected economy in committee spending (i.e. reducing Adam Clayton Powell's committee spending 50%); he has always voted against foreign aid since the late 1940s and recent reaction in Congress is proving him correct. He voted against the Civil Rights Bill because in its present form it limits the freedom of all Americans; he is for the constitutional guarantees regardless of status.

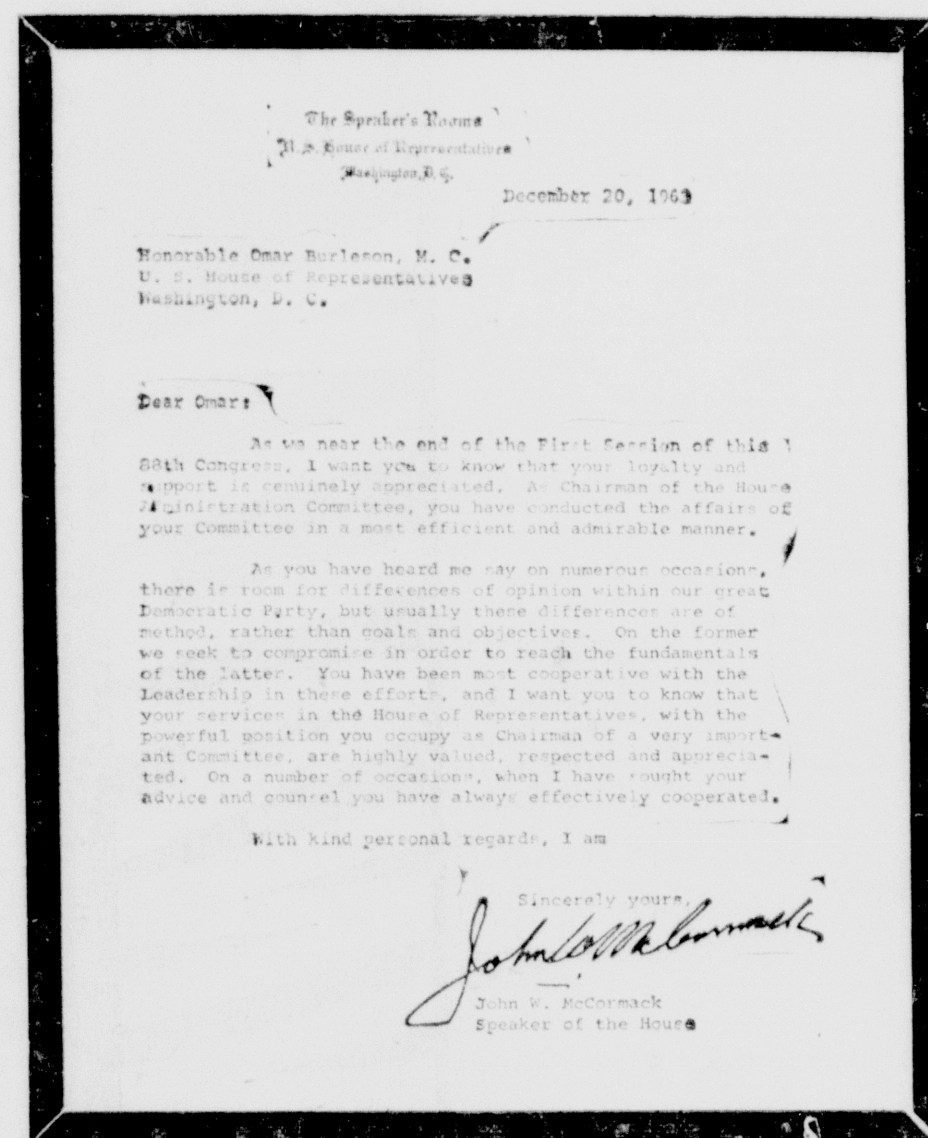

In 1961 the late President appointed him congressional delegate to the United Nations where he used knowledge gained as ranking member of the powerful Foreign Affairs Committee. He is also chairman of the Joint Committee on the Congressional Library and vice chairman on Printing.

Quiet, methodical and cool headed, he is widely known in Congress as a quiet man who gets things done.
